2020-2021 School Year Plan

July 20, 2020

Greetings CSCISD Family:

Over the last several months, the Carrizo Springs Consolidated Independent School District has been working diligently with our staff, the Board of Trustees, local health authorities, and the Texas Education Agency (TEA) to fulfill its mission to educate our students while under the threat of the COVID-19 pandemic.

To this end, CSCISD Trustees and District staff have thoroughly reviewed several instructional models for implementation during the 2020-2021 school year while keeping our responsibility to safeguard the health and safety of our students and staff.

At a Special Called Meeting held on July 16, 2020, the CSCISD Board of Trustees voted to implement a Resolution to begin August 24th, through September 11th to have district wide remote learning for our students (Please see attached approved calendar). CSCISD will continue to monitor COVID-19 trends within our community and periodically reassess the implementation of this instructional model to make decisions for the remainder of the fall semester and school year.

This Remote At Home Instructional Learning Model requires the participation of all students in a teacher-driven instructional platform. It will allow students to engage in our learning program from their homes. As required by the Texas Education Agency model, the District will provide online instruction as well as paper/pencil activity packets to be completed by students on a daily basis for a grade. Teachers are tasked with delivering rigorous instruction aligned to the Texas Essential Knowledge and Skills (TEKS) along with the daily monitoring of student progress. CSCISD has procured Chromebooks and the necessary resources to support at-home instruction for all students. This includes enhancing internet accessibility for our students.

Mission Statement

CSCISD will provide every child superior quality education in a safe environment.

With this being said, all students must be registered, enrolled, and participate in this instructional model to be eligible for all available program services from our school district. Please contact your home campus as soon as possible for additional details regarding registration for the 2020-2021 school year. Student registration begins July 20, 2020. The first day of instruction for students is August 24, 2020. Instructional programs are an essential part of providing our students with opportunities to succeed as they continue their schooling. You may also visit our web site at www.cscisd.net for additional back to school information.

Additional details regarding the CSCISD Remote (At-Home) Instructional Learning Model will be shared with our students, parents, and staff via our District webpage and local/social media. In the next several weeks, the district will finalize preparations for the 2020-2021 school year.

While we have been dealing with an extremely challenging time in our lives, we are confident that together, we shall overcome the obstacles that lay before us on our way towards the success that our students and staff truly deserve. Carrizo Springs CISD remains *Strong, Proud, and Ready* for the 2020-2021 school year!

Believe!

Dr. Jose Cervantes
