Each CSCISD has a Campus Advisory Team which meets 4 times a year. If anyone is interested in being part of these teams please contact the Federal Programs office.

Campus Advisory Team

The CAT is our site based decision-making committee. The CAT provides input on decisions, which have a school-wide impact, reviews campus performance as measured by standardized testing and survey results, and brings ideas and questions to the attention of the campus administration. The CAT reviews the Campus Improvement Plan that specifies goals for the school year. The CAT acts in an advisory capacity to the principal. Final decisions are the responsibility of the principal. The CAT includes elected faculty representation, parent representatives chosen randomly from all interested parents, and appointed community representatives. CAT members generally serve two-year terms so that each year there is some returning and some new members. The CAT is a very important school committee. It meets four times per school year. Serving on the committee requires a commitment of time and a willingness to explore school related issues and ideas from a broad perspective. If you are interested in serving on this team please contact the CSCISD Federal Programs office at 830-876-3503 ext. 1202.
